

Prescription Treatment® University Course Outline

Course #110: Biology and Control of the German Cockroach

Methodology:

All subject matter is presented in a multi-media format including audio, text, photographs and movie footage delivered over the web and on companion CD-roms. All lessons are supported throughout with quizzes. Each course culminates in a 25 question Final Exam that students must pass in order to pass the course.

Overview:

The Biology and Control of the German Cockroach covers the basics of biology, behavior and control of German Cockroaches. The course is taught by Jeffrey B. Tucker, B.C.E., president of Entomology Associates and consultant for Whitmire Micro-Gen.

Outline:

- Biology
- Feeding
- Behavior
- Economic & Medical
- Detection
- Control
- Review

*Course #110 contains 121 slides and requires approximately 50 minutes to complete.
